 - v. Security measures for internet payment services will be tested under the supervision of your risk management function to ensure their robustness and

effectiveness. All changes are subject to a formal change management process ensuring that changes are properly planned, tested, documented and authorised. On the basis of the changes made and the security threats observed, tests are repeated regularly and include scenarios of relevant and known potential attacks.

- vi. Your security measures for internet payment services will be periodically audited to ensure their robustness and effectiveness. The implementation and functioning of internet payment services will also be audited. The frequency and focus of such audits should take into consideration, and be in proportion to, the security risks involved. Trusted and independent (internal or external) experts carry out the audits. They are not involved in any way in the development, implementation or operational management of the internet payment services provided.

Whether it is processed in the United Kingdom, or elsewhere, CARDPAY AA shall ensure that an adequate level of protection is given to your information and in any event, protected in accordance with Data Protection Rules.

5.3 From time to time we may make reasonable changes to the way we use your information. We shall provide you with reasonable notice of such changes. If you do not object to a change within sixty days, you shall be deemed to consent to that change.

5.4 You acknowledge and agree that one or more credit reference agencies may link you and anyone with whom you have a joint account or similar financial association, creating a "financial association." You confirm that you have obtained the consent of any joint account holder to share such information.

5.5 We may make periodic searches of, and provide information about you to, credit reference agencies, fraud prevention agencies, Card issuers, Card Schemes, and our affiliates to manage decisions about our relationship with you.
